

## Technical Data Sheet

# WHISPER+

## 3MM WOOD & LAMINATE UNDERLAY

Whisper+ 3mm Wood & Laminate Underlay is a foam underlay with intergrated Silver Vapour Barrier.

This underlay has a very high compression strength ratio which makes it excellent at reducing impact and airborne noises. It has a 0.57 tog, allowing heat transfer from the sub-floor, and works efficiently with underfloor heating systems.

The silver vapour barrier also acts as a moisture barrier, protecting your floor from humidity from the sub-floor.

### Specifications

Roll Length	15m
Roll Width	1m
Roll Size m <sup>2</sup>	15m
Thickness	3mm
Tolerances Thickness/Width/Length	+/- 3%
Vapour Barrier	Silver
Overlap	Yes
Density	25kg m <sup>3</sup>
Weight	80g m <sup>2</sup>
Tog Rating	0.57
dB Rating	19dB
Tensile Strength Length	0.294
Tensile Strength Width	0.228
